"MADE IN CANADA"

Ford Touring Car Price \$530

Its performance is bigger than its price. What any other motor car will do, the Ford will do -- and more. Yet it is the lowest-priced real motor car on the market. Because our output is set this year at 40,000 cars, we are able to sell the dependable Ford at so low a price.

The Runabout is now \$480; the Town Car \$780; f.o.b. Ford, Ontario. All cars completely equipped, including electric headlights. Equipment does not include speedometer. Get particulars from N. E. Stuart & Co.

Patriotic Fund Organized

FIGHT OR PAY is the slogan of the Alderson Patriotic Committee organized on Saturday. S. F. McEwen M. D. is chairman. Mr. A. J. Drummond is Secretary Treasurer. The committee that will wage the campaign in this district are Messrs. McDiarmid, Stuart, Taylor, Johnson and Mackay. Farmers are invited to send in contributions of grain. The Elevator Managers will receive it and credit each farmer as he contributes.

In addition a large granary will be installed opposite Stuart's warehouse and any passing farmer may throw in his wheat, marking the amount on the score card left for the purpose. All contributions will be recorded in the News. **WHO WILL BE FIRST WITH A HUNDRED BUSHELS? FIGHT OR PAY.**

The first fall meeting of the W. A. held last week at Mrs. Bakens was very successful. A dance and sale of work will be held in November. The next meeting will be held at Mrs. Geo. Russell on the 20th.

J. H. Gason brings in a sample of Ergot found in Wild Hay. It is very detrimental to stock. It is a deadly poison. This is the first time it has been found growing in this territory. This specimen may be seen at the Fair on Thursday.

"Fight or Pay"

WE make no apologies to our readers for drawing attention to the Patriotic Fund in this issue. The writer stood at the depot in Medicine Hat on Monday evening. A bunch of stalwart recruits were training for the Calgary camp. A finely built chap well over the 6 foot mark was saying good by to his weeping wife and three children. That little lady was not trying to hold the breadwinner of the family back from what he thought his duty. She was willing to face months of absence that "her man" could go and do his share to crush the German Menace. It is no more his duty than it is our duty. He is doing his, let us do ours. Remember the Patriotic Fund,

South Alberta Branch Canadian Patriotic Fund

Last year's contributions to the Canadian Patriotic Fund are now about exhausted. A year ago it was thought that about 1,000 soldier-families in Alberta would receive aid from the fund; at the present time over 8,000 Alberta families are being cared for.

Increased need requires a new appeal for funds. Canadians did their duty last year. They will do it this year. If you cannot go to the front, you can help to support the families of those who have gone. \$1,000,000 will be distributed in Alberta this year. Of this amount, \$500,000 will be distributed to the families in the South Alberta District. If the people of Alberta contribute one half of the amount required in this province, the balance will be made up in parts of Alberta where fewer families require aid and where the rate of enlistment is not so high as here. Alberta stands first in the Provincial rate of enlistment in Canada.

The fund is a national one as the army; just as a man when he enlists becomes a member of the Army at large, so a contribution to the Patriotic Fund becomes part of the national fund. The needs of localities are met by the Canadian Patriotic Fund, regardless of contributions from Districts.

The Committee does not sit in judgment on any man who does not wear the khaki. Those who stay at home, however, are asked to contribute as much as such as possible, so that the soldiers' wives and children may be properly maintained while the bread winners are fighting for the defence of the Empire and of our homes.

At this crisis, every Loyal British Subject is willing to do his share.

If the Government supported all the soldiers' families, the majority of Canadian "stay-at-homes" would be deprived of the privilege of taking any part in the war.

Loyal talk will not beat Germany. Men and money will. You surely cannot cheer for the boys when they come home unless You Fight or Pay.

Subscribe to the Patriotic Fund and help its work in every way you can.

The accounts and books of every Branch are audited by the Auditor General of Canada.

Exhibits carried free

An item of particular interest to intending exhibitors at the forthcoming Exhibition of Soil Products to be held by the Western Canada Irrigation Association at Bassano, November 23rd to 25th next, is the announcement by the Secretary that the Canadian Pacific Railway has agreed to carry all exhibits to that exhibition by freight free, between the dates of November 10th and 22nd inclusive. Exhibits which exhibitors wish to return to point of shipment at the close of the exhibition, do not come under the special free freight tariff but would ship under tariff W. 2892, which provides for the free return to original shipping point within ten days after the close of the exhibition, on all exhibits for agricultural fairs or expositions. Agents at all stations will be advised to accept shipments on these basis from points in the Irrigation Block, Lethbridge District, Calgary District, Maple Creek District, the Okanagan Valley, Kamloops, Arrow Lakes, and Kootenay Districts of British Columbia.

Buy an Irrigated Farm FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE Irrigation makes the farmer independent of rain and insures good crops, not occasionally, but every year. Irrigation makes possible the successful culture of alfalfa, the king of forage, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community. Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1911 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years' to pay and the privilege of a loan of \$2,000.00 for improvements (6% interest); no principal payment at the end of first and second years and no water rental for first year. Assistance is also given in supplying stock in approved quantities.

This is the most liberal offer of irrigated farm land on record. Get full particulars from

COMMUNITY BUILDING

Money Sent Away From Your Town
Will Not Help Your District

Many country newspapers in the United States and Canada are devoting considerable space lately to articles showing the value of farmers patronizing the merchants in their own shopping centre and district. "Country Life in Canada," for June, has a lengthy article on "Community Construction," from which we quote only a few paragraphs:

What The Town Means
What then, friends, does the little, old home town mean for all of us. It is the social center of our community. More than that it is the educational, religious, political and commercial center of our community. Can you imagine, for example, a vast agricultural territory like Saskatchewan—based upon leagues of pleasant prairie dotted with farms—without every few miles a "home town," a community center for the surrounding country. What would happen were some economic earthquake to devastate every small town in such a great territory? Would not the whole social and commercial fabric of the province suffer—and were the earthquake to spread indefinitely in its effects, would not the whole of Western Canada suffer irreparable loss?

Cause and Effect
There is a reason for this. We must have a cause to obtain the reaction of an effect. We must look at the question of buying and selling in terms of their local effect. That is, every dollar sent out of a community that could be spent in the community represents a certain monetary loss to that district. Do you doubt that statement? If so, the writer can assure you that, from the mail order standpoint alone, there are thousands of communities on this continent systematically robbing themselves; communities who, wide open eyes, are doing their best to eliminate their local town, to commit social and commercial suicide in a local sense. These communities are the "earthquake" already outlined—and their effect may be more slow but is nevertheless equally disastrous. Do you want proof? Well, commercial records show that a large U. S. mail order house did a business of \$101,000,000 in 1914, and paid dividends of approximately \$11,000,000. How many dollars of that vast sum, think you, returned to one of the communities who helped to build that great turnover—those immense annual dividends? True, they got the goods, but were they of the quality expected by the individuals who wrote the orders? But what about the dollars? They had gone forever—were paid away by that corporation to factories, sources of supply, employees—and also into reserve funds and dividends. The small center robbed itself to support the far off city—and with no compensating circulation of currency.

APPROVES "MADE-IN-CANADA"

Manitoba Free Press Favours Giving Preference to Canadian Goods

A few weeks ago the Manitoba "Free Press" had an editorial commenting on an article that appeared in "Industrial Canada," the official organ of the Canadian Manufacturers' Association, which attacked a well known Canadian political economist for criticizing the "Made-in-Canada" policy. After reviewing the article the "Free Press" said:—

"As for the 'Made-in-Canada' movement, no objection need be taken to it, provided it is kept within reasonable bounds. The propriety of giving our own manufacturers the preference, other things being equal, need not be disputed; and it is well that the people of Canada should be continually reminded of the desirability of buying home-made goods owing to the natural tendency of most men to believe that the imported article must necessarily be the best. For the 'Made-in-Canada' agitation as a shield for incompetent capacity and selfishness there can be only contempt."

Keep your money in Canada by purchasing goods "Made-in-Canada."

WOMAN'S THOUGHTS TABULATED

In a list of 200,000 words used in private correspondence it has been found by statisticians that the following classes of words are dominant in the letters of women: Articles of food and terms relating to the consumption and preparation thereof; articles of wearing apparel, textiles and terms closely related thereto; parts of the body, care of the same, personal appearance; animals, aesthetics, color, diseases and their treatment; parts of the house, furniture, measures, correspondence, domestic activities and relationships. Words dominant in letters of men were terms of aggression, contest, and domination, physical and mental; institutional life and social organization.

If you buy goods "Made-in-Canada" you help to keep our factories running full speed.

S. Boyd and Carl Rasmussen visited the Busy Borg on Monday.

I. C. Jones the famous Springhill thresher was in Alderson on Monday.

Bob Treymend the well known liveryman of Alderson visited friend in the New Holland district on Sunday. Is Bob going to join the benedict?

It is reported that a farmer in the Jenner district committed suicide because his wheat went over 70 bushels to the acre. We would advise his friends to watch Roy or he will do something desperate if he does not stop advertising the fact that his flax went 43 to the acre.

W. H. McEwen is highly pleased with his flax crop. It went 27 bushels to the acre. Alf Pratt also reports a yield of 21 bushels.

Personal and of Local Interest

Dominion Fruit Inspector Steves was in town on Tuesday.

Dr. Oliver Boyd of Medicine Hat has written his friend W. J. Hall that he will visit the Alderson Fair on Thursday. He hopes to meet all his former friends that day.

The fair on Thursday will be a success. Remember the Baby contest 4 P. M. to 4:30 P. M. Exhibits must be brought in early. Good music Patriotic Collection.

Despite the rain on Tuesday a good crowd attended the Eckhardt Entertainment in the Advance Hall. The programme given by the five musicians was par excellence.
